

SPACESHIP for ALIEN DAY

BUILDING & TRANSPORTATION ENRICHMENT

MATERIALS:

- Black Plastic Cup
- 2 Paper Plates
- Clear Plastic Cup
- Gems, Stickers, Markers (for decorating)
- Glue
- Pompoms & Pipe cleaners

DIRECTIONS:

- Create an alien using the pompoms and pipecleaners, then set it aside.
- Turn the *black* plastic cup upside down, and decorate it as desired.
- Turn *one* paper plate upside down, and glue the bottom of the black-cup to the center of it. Set this cup and plate aside.
- Place the *clear* cup in the center of the paper plate that has not been used yet, and trace it.
- Cut only the circle out of the middle of the paper plate, then decorate the *bottom* of the plate as desired. Then, set this plate aside.
- Place the alien upside down in the clear plastic cup.
- Line the brim of the clear cup with craft glue
- Grab the *black* plastic cup, which should now have a paper plate attached to it. Quickly flip the *clear* cup (so the alien doesn't fall out) upside down onto the center of the other side of the paper plate.
- Grab the paper plate you decorated earlier. Slide it, decorated side up, over the clear cup, and glue the brim of that plate to the brim of the other plate.
- SEE PICTURE OF FINISHED PRODUCT
