

# COIN BRIDGE

## ***BUILDING/TRANSPORTATION ENRICHMENT***

### MATERIALS NEEDED:

\$20 IN PENNIES

Give the students the opportunity to work individually or in teams, and see if they can balance coins to build a bridge.

For younger students, they can try to build the tallest structure.

When you go the bank to get \$20 in pennies, be sure to keep the wrappers, or ask for more. Rolling the pennies can be a calming activity for a group of children during the movie on Friday!
