# MARCH 2022

Thank you to everyone who took a moment to complete our Parent Survey. CAS values your input, and uses this information to enhance our program. Watch your site Parent Table for results coming soon!

## professional development

Very soon, all CAS staff members will participate in a workshop presented by Dr. Bob Horton, a Professor at Ohio State. Staff members will learn about some exciting new science and technology activities to share with your children! Care After School believes children learn through play, and we are committed to engaging our students in age-appropriate, unique and fun activities that spark their imaginations and encourage exploration.

## health/safety

CAS continues to follow all recommended protocols to ensure the health of our children and staff. Being able to play outside is a healthy option, so please make sure your child is prepared for Ohio's unpredictable March weather. Snow/Rain boots or a change of shoes & socks, hats, gloves, and coats will allow your child to be able to participate in outdoor activities while at CAS.

## 22-23 PRIORITY REGISTRATION

Registration for next year will begin March 28th so watch for signs, emails, and other notifications in the upcoming weeks. We're working on a new website and registration process, and can't wait to share it with you!

## tuition

We appreciate your prompt payments! CAS accepts checks, money orders, and our automated payment program, Tuition Express (no cash).

Due to the timing of registration for next school year, we have moved the March tuition due date from March 14<sup>th</sup> to March 7<sup>th</sup>. Your account must be paid to date in order to register for next school year.
