

**HAVE A SAFE
& HAPPY SUMMER!**

May 2020

A NOTE TO OUR CAS COMMUNITY

We never dreamed our extended Spring Break would continue throughout the remainder of the school year. We would like to thank you for all the support you have given to CAS throughout this closure. Your generous donations have enabled the CAS Board of Directors to continue to provide some compensation for all CAS staff. We are very humbled and truly grateful to be part of such an amazing community. Helping your child learn and grow has been a fun-filled and rewarding experience for all of us, and we appreciate the opportunity to serve your family. Our Site Directors will continue to send weekly outreach emails, and include some fun activity ideas for your family, throughout the remainder of the school year. It truly brightens our days when we receive your emails showing pictures of your families making the best of a bad situation. We wish you all a safe, fun, healthy and active summer!

Sincerely,
The CAS Staff

TUITION

If you are registered for the 2020-21 school year and have not yet paid tuition to secure your enrollment and cover August tuition, we ask you do so by May 29th.

The first full tuition payment of the school year will be due Monday, September 14th.

2020-21 SCHOOL YEAR

CAS is working closely with Worthington Schools to determine the best plan for returning to school in August. Our hope is that things will operate as normal, but in these uncertain times, we want to make sure we are prepared. Rest assured, we are doing all we can to ensure a smooth transition for everyone, and our families will be well informed when and if alternate plans must be made.

TO WITHDRAW OR CHANGE DAYS

If you've registered for the 2020-21 school year but find you won't need our services after all, please remember that CAS must be notified in writing by **July 25th** to receive a refund of your first tuition payment. Please email info@careafterschool.com to request your withdrawal. No refunds will be made for withdrawals or changes after **July 25th**.

STAFF DEVELOPMENT

During this closure, CAS Site Directors have remained committed to their professional development. They have been taking online training courses provided by the State of Ohio, and are continuously growing and learning new ways to make our program the best it can be. They have also been participating in virtual meetings, and sharing new ideas with each other. We are all eager to implement what we've learned!
